Accreditation virtual survey visit to the University of Arizona College of Medicine – Tucson on January 24-26, 2022, by an ad hoc survey team representing the LCME.

Team Members

**Team Chair**
Karen H. Antman, MD  
Dean, School of Medicine  
Provost, Boston University Medical Campus  
Boston University School of Medicine

Bio [LINK](#)

**Team Secretary**
Robert B. Hash, MD, MBA  
LCME Assistant Secretary  
American Medical Association

Dr. Hash attended the University of Louisville for his undergraduate and medical school programs, receiving his MD degree in 1982. He completed residency training programs in emergency medicine and family medicine. Dr. Hash has held the rank of full professor with tenure and has served in several academic administrative positions; his last was as Vice Dean for Texas A&M Health Science Center.

In his clinical work, he has directed student health services and a clinic for underserved populations.

Dr. Hash has participated in institutional preparation for regional accreditation, numerous programmatic accreditation visits, as a survey team member and a survey team secretary. He now serves as LCME Assistant Secretary in the Chicago office (AMA).
**Team Member**

Khanh-Van ("KV") Le-Bucklin, MD, MEd  
Vice Dean for Medical Education  
University of California, Irvine, School of Medicine

**Team Member**

Donna M. Waechter, PhD  
LCME Assistant Secretary  
Senior Director, LCME Surveys & Team Training  
Association of American Medical Colleges

---

**Faculty Fellow**

Sabrina Nunez, PhD  
Director of Accreditation and Continuous Quality Improvement Education Strategy  
Yale University School of Medicine

Dr. Núñez earned her bachelor’s degree from the University of California, Berkeley, in 1999, and her doctoral degree in 2007 from the State University of New York at Stony Brook.

In addition to her role as Director of Accreditation & CQI Strategy Development, Dr. Núñez serves as the thread director for the Genetics thread and the co-director for the Genes and Development course at Yale. As thread director, she works with course, clerkship, and elective directors to ensure appropriate coverage of the thread content in the MD curriculum. In her role as co-director, she provides guidance to faculty in the design and innovation of classroom and online pedagogies.

Dr. Núñez joined the Washington University faculty in 2014. She oversaw the Medical Genetics course - as well as the first two years of the MD program - in her previous position as Assistant Dean for Curriculum and Foundational Sciences in Washington University in St. Louis.
